lifestyle

This all-natural bar soap contains green tea extracts and essential oils to help restore the soft, supple condition of your skin. It contains no parabens or other synthetic, unnatural ingredients that strip your skin and cause

THE STORY:

The Green Tea Bar Soap safely cleans while nourishing your skin with softening agents. It also protects your skin with antioxidant extracts from green tea.

In addition, it does not contain parabens or other harsh, unnatural, synthetic ingredients.

NUTRITION FOR THE SKIN:

Long before the benefits of Green Tea were discovered for skin therapy, Chinese Emperors of the Song Dynasty enjoyed its taste and flowery

aroma. This magic herb was prized by the Chinese for relieving fatigue, strengthening will power, and enhancing vision. It is an important ingredient in the Chinese Elixir of Immortality. Today, its potent antioxidant powers can help your skin look younger, longer.

THE SCIENCE:

As an antioxidant herb, green tea has been clinically proven to help prevent skin cancer. It is used to help release surface toxins on the skin.

"As a paraplegic, I have an increased chance of skin break down, leading to pressure sores. My life depends on having great skin! I have tried many skin care products over the years to help my dry skin, with no results. One little bar of Green Tea Soap has changed everything! For the first time in 12 years I now have soft, silky, sexy and seductive skin! I will never be without my Green Tea Soap! It is now on my monthly auto ship!"

"My husband and I will only use Green Tea Bar Soap from JD Premium! The other soaps leave a residue on my skin that irritates and itches all day, but Green Tea Bar Soap leaves my skin feeling soft and smooth without drying out my skin or leaving any kind of residue! I had a callus on my foot and the Green Tea Bar Soap softened it up and it went away! I love the fragrance, and one bar usually lasts us twice as long as other brands. Thanks JD Premium!"

"I like the Green Tea Bar Soap because I get a clean that I usually do not feel when I use other leading brands. I usually have to scrub to get the soap off my body, but not with the Green Tea. Also, I like to use the Green Tea Soap after a hard day's work when I need a soap strong enough to get me clean and not just cover up with some 'smell-good' that will mask the mark of a man."
