

OVERA™ CONDITIONER

restore

hope

This lightweight, moisture-rich conditioner eliminates tangles and leaves hair healthy and glossy without weighing it down.

THE STORY:

This moisturizing, organic Overa™ Conditioner is the perfect application to guarantee healthy, more manageable hair. It is infused with anti-inflammatory omega-3. The natural and organic ingredients serve to replenish and moisturize, while the beneficial botanical fragrance will lift your spirits and calm your stress as you shower.

NUTRITION FOR THE BODY:

Our hair takes a lot of abuse from styling and coloring. An investment in the best possible conditioner pays huge dividends in healthy hair. Conditioning your scalp is as important as your hair. The natural, nourishing herbs and fragrances in our toxic-free conditioner are like a daily aromatherapy session to ease stress and

increase mental focus while improving your hair and scalp.

THE SCIENCE:

Most people don't recognize the benefits that a fine herbal conditioner can provide for the scalp. When you add the anti-inflammatory benefits of omega-3, you have a multi-functional product.

Most people are exposed to over 200 synthetic chemicals in their hair products every day. Many of them cause unsafe build-up not only on the surface, but also may be absorbed inside the body over time. A conditioner containing only natural ingredients and fragrances greatly lowers your chances of damage caused by harmful ingredients found in other products. Chronic lung conditions (like COPD) are a serious, and sometimes deadly, concern for many people. Most people don't realize that synthetic fragrances in hair care products contribute to and aggravate these chronic lung conditions.

OVERATM CONDITIONER

"I have naturally curly hair and lots of it. EVERY day is a 'fight' between me and my hair and usually the hair wins...Especially on high humidity days (I used to live in the South.) Not any more! JD Premium's shampoo and conditioner give me the advantage. I have strangers stop me and tell me how nice my hair looks and my hairdresser is very pleased!"

Andi E.

"Washing my hair used to be a depressing chore. It seemed like no matter what I used or did, I could never get my hair to look shiny or feel healthy. About a year ago, I started using the Overa Conditioner. Since then, I have seen my hair go from drab to super shiny and healthy. I can even feel it working when I first put it on my wet hair. It feels so thick and rich feeling. Not like anything else I've ever experienced. I wouldn't be without it."

Jessie B.

Directions:

After shampooing, apply conditioner in one hand and rub palms together to distribute evenly. Leave conditioner on hair long enough to sooth the cuticle (about 60 seconds). Rinse thoroughly so hair feels consistently clean as you run your fingers through it from scalp to ends. Can be used after every shampoo or as a weekly treatment as necessary.

Ingredients:

Aloe Vera, Behentrimonium, Methosulphate (Colza Oil), Caprylic Fatty Acid, Certified Organic Herbal Water of Green Tea and Lemon Verbena Extract, Corn Amino Acids, Glycine Amino Acids (protien), Lecithin, Natural Aroma, Oat Protein, Omega-3, Panthenol, Potassium Sorbate, purified water, Shea Butter, Vegetable Glycerin.
