

ENZYMES

optimize

health

Nature packs healthy foods with natural enzymes to help you digest your food. But when we process, refine, overcook or microwave our food, most (if not all) enzymes become useless. Restore the nutrients you need for healthy digestion and increased energy.

THE STORY:

Supplementing with these enzymes helps you break down foods more completely. This creates better absorption of nutrients, better health and more energy.

NUTRITION FOR THE BODY:

Without a sufficient supply of enzymes, your body cannot adequately break down proteins, carbohydrates and fats. This leads to many digestive disorders. This product not only calms

the stomach, but also soothes inflamed tissues throughout the entire digestive tract.

THE SCIENCE:

Without sufficient enzymes, your foods digest at different rates and often remain too long in the digestive tract, creating toxic conditions in your body. This leads to many undesirable health issues. Some foods even pass through undigested. Without the right enzyme action to digest them, your foods are stored more easily as fat instead of being burned for energy. Supplemental enzymes can assist with weight loss. When you see any of the signals of enzyme deficiencies or stomach distress, try taking this balanced assortment of the six most important enzymes and five digestive herbs.

ENZYMES

Supplement Facts

Serving Size: 2 V-Caps

Ingredients Amount per V-Cap

Enzyme Blean 250 mgs	
Protease	78.80%

If you are experiencing severe digestive discomfort, consult a health care professional before use.

Do not take this product if you are pregnant or nursing. Keep out of reach of children. Statements have not been evaluated by the FDA. Product is not intended to diagnose, treat, cure or prevent any disease.

"I went to a Nutritional store to see what the competition might be for JD Premium's Enzymes. There isn't any! JD Premium's Enzymes are by far the best product for the best price that I have ever seen! My teenage son uses them with the rest of his vitamins because he kept feeling 'sluggish' after he ate. The enzymes help keep the 'bloaty' feeling away from his stomach. He's able to play soccer and feel great if he takes the Enzymes. There is seriously not a better Enzyme product out there! Thanks JD Premium!"

Sonia M.

"My husband ate something that did not agree with him at all. His stomach kept cramping and causing him pain. Luckily I had some Enzymes with me and he was able to take some. Within just a few minutes his cramps were gone and he was able to play and join in the conversation with us! I'll never leave home without my Enzymes!"
