

ENGAGE™ LAUNDRY CONCENTRATE

restore hope

THE STORY:

Our proprietary, money-saving, concentrated formula penetrates and lifts dirt for the cleanest clean you'll ever see. Engage™ Laundry Concentrate has a deep-action clean to get rid of dirt, stains and odors. It is also green-certified and biodegradable with a light, fresh fragrance. Engage Laundry Concentrate is safe for septic tanks and contains our active cleansing agent made with renewable resources (corn and coconut oil).

Engage Laundry Concentrate is designed for all types of washers. For front loaders, use no more than 1 cap-full. If you are using a high efficiency machine, you can use 1/2 a cap.

THE SCIENCE:

Engage Laundry Concentrate does not contain any of the following harmful chemicals: E.D.T.A. Alkyl benzene sulfonates, Diethanolamides, optical brighteners, Petroleum distillates, Napthas, Phosphates, Silicates, Borates, Ethylene Glycols, Polyethylene Glycols, Quaternium 15, Xylene Sulfonate, Toulene Sulfonate, materials known to cause cancer under California Prop. 65 (dated June 2006) and NO irritating enzymes! These harmful ingredients place a much greater burden on water treatment facilities.

ENGAGE™ LAUNDRY CONCENTRATE

Directions:

Sort clothing by wash temperature and color. Follow garment care instructions. Fill washer with water.

For High Efficiency washers:

-Fill cap half way to level one.

For standard washers:

-Normal loads, fill cap to level one.

-Large loads, fill cap to level two.

-Heavily soiled loads, fill cap to level three.

This bottle contains 80 High Efficiency wash loads as measured by an average load. Engage™ Laundry Concentrate's biodegradable formula places a much lower burden on water treatment facilities. Engage is ultra concentrated, so each bottle lasts longer than traditional laundry cleaners.

"I love the laundry concentrate from JD Premium! It is a natural concentrate that is free from harmful chemicals and parabens. I can use it on my children's clothes and it is strong enough to get out the stains and smells, but doesn't contain those harmful chemicals that I don't want on my children's skin. It is also a very affordable and comparable product to anything on the market today."

Sonia M.

"I'm the mother of four active boys and believe me when I say I do a lot of laundry. At the same time, I'm always concerned about what I put next to their skin. It is so comforting to me to know that I have a 'user' safe product that really works and it only takes just a little tiny bit. Thank you JD Premium for providing a cost effective, safe and efficient solution to a long term problem."

Cheryl A.

"The Laundry Concentrate is so efficient. It is concentrated so it doesn't take much to clean a load of laundry and it gets the clothes so clean. It is cost effective and all natural so you don't have to pay for any filler chemicals or anything. This is a great laundry soap that does a great job!"
