

OVERA™ HAND & BODY LOTION

restore

hope

Our light, non-greasy Overa Hand and Body lotion leaves your skin soft and supple. It doesn't strip its natural oils to create 'lotion addiction'.

THE STORY:

This moisturizing hand and body lotion is wonderful for all skin types, including sensitive skin. It is infused with antioxidants and anti-inflammatory omega-3 oils from Antarctic krill. The natural and organic ingredients serve to replenish and moisturize as they rejuvenate the skin. The soothing essential oils will lift your spirits and calm your stress as you apply this rejuvenating product onto your body.

NUTRITION FOR THE SKIN:

Most lotions act like soaps. First they strip the skin of its natural oils, then supply fats and oils to hydrate the skin. They set up a dangerous addiction cycle so you have to use more and more lotion to get the same result. Your skin gets

drier and less healthy over time. Our toxic free lotion respects your skin's natural oils and allows your skin to breathe. The natural fragrances are like a daily aromatherapy session to ease stress and increase mental focus while it moisturizes and nourishes your skin.

THE SCIENCE:

We're seeing more and more inflammatory skin conditions like eczema and psoriasis. The Overa Hand & Body lotion penetrates the skin with similar technology as used in a nicotine patch, but with potent antioxidants and anti-inflammatory omega-3s. Chronic lung conditions (like COPD) are also a serious and sometimes deadly concern for many people. Most people don't realize that synthetic fragrances in lotions and other personal care products seriously encourage and aggravate these chronic lung conditions. This lotion has no synthetic fragrances.

HYDRATE AND SMOOTH YOUR SKIN WITH ANTI-INFLAMMATORY OMEGA-3

premium
lifestyle

Ingredients:

Aloe Barbadensis Leaf (Aloe Vera) Juice, Glycerin, Cetearyl Alcohol, Behentrimoniu, Methosulfate, Sorbitan, Esters, Stearyl Alcohol, Caprylic/Capric Triglyceride, Isopropyl Palmitate, Glycine Soja (Soybean) Oil, Krill Oil, Santalum Album (Sandalwood) Wood Extract, Phellodendron, Amurensis (Amur Corktree) Bark Extract, Hordeum Distichon (Barley) Extract, Tocopheryl Acetate, Tocopherol, Myristyl Myristate, Gluconolactone, Sodium Benzoate, Tetrasodium EDTA, Potassium Hydroxide, Fragrance.

"The lotion with the Krill Oil looked good for my dry skin, and I tried the Green Tea Soap too. After a few days, I realized that all those dry scales were gone. I had really dry heels and had to practically buy a new pair of nylons every time I wore them. Within three or four days of using the lotion, I noticed that they were fine. Thanks JD Premium!"

"I'm selling a lot of lotion and up-selling people to K48-PLUS. When they see the fantastic results from a sample of the lotion, I tell them, "If just a little K48 in a lotion can do this for your hands, just imagine what capsules of K48-PLUS can do inside your body." My brother, John, works in a restaurant and has his hands constantly in soap and sanitizing chemicals, so they are always cracked and bleeding. He started using the lotion on Wednesday. By Friday, his hands were healed. He now uses the lotion as an aftershave too, because it is so much less irritating than anything he's ever used."

Franc R.

"When I first saw the label of the Hand and Body Lotion it said that the aroma has a very calming effect and is like a little aroma therapy session. I thought that was a little up-selling, but bought the product anyway. After using the lotion for a few days, my wife came up to me and said "I LOVE this lotion! It's so calming and relaxing!" I guess it is like a mini aroma therapy! We love it!"
