

OVERA™ SHAMPOO

restore

hope

Overa™ Shampoo gently cleans and protects your hair and scalp from the stresses of pollution, coloring and styling.

THE STORY:

This moisturizing, organic shampoo is wonderful for all skin types, including sensitive skin. It is infused with antioxidants and anti-inflammatory omega-3s. The natural and organic ingredients serve to replenish and moisturize as they clean, while the addition of natural aromas will lift your spirits and calm your stress as you shower.

NUTRITION FOR THE SKIN:

Most shampoos strip the skin of its natural oils, then supply fats and oils to hydrate the hair and scalp. This results in your hair and scalp getting drier and less healthy over time. Overa toxic-free shampoo respects the natural oils of your hair while allowing your scalp to breathe. The natural

fragrances are like a daily aromatherapy session that will ease stress and increase mental focus.

THE SCIENCE:

Seborrheic dermatitis is a common inflammatory condition of the scalp that leads to increasing dandruff and possible hair loss. We highly recommend this anti-inflammatory, omega-3 enriched shampoo for everyone. Most people are exposed to over 200 synthetic chemicals each morning as they prepare for the day. Many of them are unsafe. A shampoo containing only natural ingredients and fragrances greatly lowers your chances of toxicity. Chronic lung conditions (like COPD) are a serious, and sometimes deadly, concern for many people. Most people don't realize that synthetic fragrances in shampoos and other personal care products seriously encourage and aggravate these chronic lung conditions.

OVERA™ SHAMPOO

"I have naturally curly, frizzy hair. It seemed like nothing I tried would leave my hair looking good. Recently, I tried the Overa shampoo. I'm sold. I can't believe how it works on my hair. It moisturizes it without weighing it down. It calms down my natural frizz. Thank you JD Premium."

Katie C.

"When we go on trips, we buy little squeeze bottles from the dollar store so we can make sure to bring our Overa Shampoo and Conditioner. We get used to the high quality of the shampoo and can't use any other brand. You don't have to use very much and your hair feels so nice and full. We love JD Premium's Shampoo!!"

Pam H.

Directions:

Thoroughly saturate hair with water. Put small amount of shampoo (size of a quarter) into palm and rub hands together to evenly distribute. Apply shampoo to scalp. Massage gently to distribute shampoo throughout hair. Rinse and repeat. Follow with Overa™ Conditioner.
