## THE STORY:

Our new color-safe Stain Spray has a unique, no-mess formula that lifts stains like magic. It's conveniently designed in a spray bottle so you can take it with you everywhere. Keep it in your home, car, or office. The Stain Spray safely removes food stains, oil paint (wet or dry), makeup, wine, grape juice, blood, grass stains, chocolate, grease, coffee, tea and toner stains. It doesn't have any excessive liquid and no harmful fumes. It is non-flammable so it can be stored anywhere. The Stain Spray is safe to use on washable, delicate fabrics. It is toxic free and contains no phosphate salts or caustics.

## THE SCIENCE:

The Stain Spray does not contain any of these harmful materials: E.D.T.A. Alkyl benzene sulfonates, Diethanolamides, Optical Brighteners, Petroleum distillates, Napthas, Phosphates, Silicates, Borates, Ethylene Glycols, Polyethylene Glycols, Quaternium 15, Xylene Sulfonate, Toulene Sulfonate. These materials are known to cause cancer under California Prop. 65 dated June 2006, It contains NO irritating enzymes!

# ENGAGE™ STAIN SPRAY

#### Directions:

Apply a small amount of solution to the stain, work it in gently, allow the product to dry, and gently blot with a damp cloth or rinse. Watch the stain disappear. Some tough stains come out a layer at a time, so you may need to apply the solution, rinse, and let it dry several times to completely erase the stain. Works for virtually all stains!

*"I just got my first Stain Spray in my autoshop. I had a few shirts that had grease stains on them and they had already gone through the washer and dryer and still had the stains on them. I thought they would always be stained now because the dryer had 'set' the stains. But I sprayed JD Premium's stain spray on them and washed them again. The stains were GONE! I couldn't believe it! I love the Stain Spray!"*

*"Spaghetti is a messy meal. Especially with kids! There were some spaghetti stains on a white T-shirt and I sprayed the Stain Spray on the stains, washed the T-shirt and I was amazed when I pulled the shirt out of the dryer! The stains were gone! I love how the Stain Spray is not toxic and gently removes the stain without harming the clothes."*

**Terri T.**

*"On my way to work one day, I spilled my coffee on new white pants. I thought 'Great! Now I have to throw them out!' I had received my JD Premium order and it had the Stain Spray in it. I figured 'What do I have to lose?' I sprayed the Stain Spray over the coffee stain and let it dry. To my surprise, the coffee stain disappeared! Not only was I saved the embarrassment of the stain on my pants all day, I still had a great new pair of pants!"*
